Amity Excellence Award for Leadership in Enterprise IT and Digital Transformation

Ms. Gitika Walia
Chief General Manager (E & T)
Head – Information Technology
ONGC

AMITY UNIVERSITY NEXTGEN AI & INFORMATION TECHNOLOGY SUMMIT 2026

We honour

Ms. Gitika Walia
with

*Amity Excellence Award for Leadership in Enterprise
IT and Digital Transformation*

Amity International Business School proudly honours Mrs. Gitika Walia for her exemplary leadership and outstanding contributions to Information Technology and digital transformation in one of India's most strategically significant public sector enterprises.

With over 35 years of distinguished professional experience, Mrs. Walia has played a pivotal role in strengthening enterprise IT ecosystems across major ONGC work centres including Chennai, Mumbai, Dehradun, Ahmedabad, and Assam. As Head – Information Technology, ONGC, she spearheads large-scale enterprise systems, cybersecurity frameworks, and technology-led transformation initiatives that support mission-critical energy operations.

Her deep expertise in enterprise applications, cloud technologies, information security, cybersecurity governance, and AI-enabled analytics has been instrumental in building secure, resilient, and future-ready digital infrastructure. Known for her strategic vision and execution excellence, she continues to drive innovation while ensuring operational continuity and governance at scale.

*Amity Excellence Award for Leadership in Global Technology
Innovation and AI-Driven Digital Transformation*

Mr. Vineet Tyagi
Global Chief Technology Officer
Biz2X

 **AMITY UNIVERSITY**
NEXTGEN AI & INFORMATION TECHNOLOGY SUMMIT 2026

We honour
Mr. Vineet Tyagi
with

*Amity Excellence Award for Leadership in Global Technology Innovation and
AI-Driven Digital Transformation*

Amity International Business School is honoured to recognise Mr. Vineet Tyagi for his exceptional leadership in global technology innovation and AI-driven digital transformation. With 25+ years of international experience, Mr. Tyagi has been at the forefront of building scalable digital platforms and data-driven ecosystems across industries. As Global CTO of Biz2X, he leads enterprise technology strategy, product engineering, and advanced data platforms that power SME and MSME lending worldwide. Widely respected for his expertise in Artificial Intelligence, Machine Learning, FinTech platforms, big data analytics, and cloud-native architectures, he has consistently championed automation, responsible AI, and innovation at scale. His leadership has enabled organizations to unlock growth through intelligent, secure, and customer-centric digital solutions.

HCL Technologies
(US & Europe)

 AMITY UNIVERSITY
NEXTGEN AI & INFORMATION TECHNOLOGY SUMMIT 2026

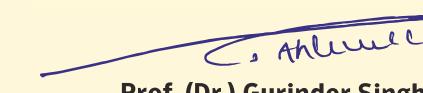

We honour
Ms. Paromita Mukherjee
with

*Amity Excellence Award for Leadership in Global Pre-Sales Strategy
and Enterprise Transformation*

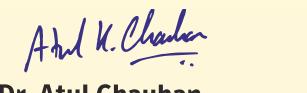

Amity International Business School proudly recognises Ms. Paromita Mukherjee for her distinguished leadership in global pre-sales, solution strategy, and enterprise transformation.

With nearly three decades of experience across global IT services and telecom products, Ms. Mukherjee brings exceptional depth in solutioning, bid management, and strategic client engagement. An IIM Ahmedabad MBA, FICCI-SEBI Certified Independent Director, and Certified Bid Management Professional (UK), she exemplifies excellence in professional and ethical leadership.

Currently serving as Senior Director – Pre-Sales at HCL Technologies (US & Europe), she leads high-value pursuits and complex solution strategies for global clients. Her career spans leadership roles at GM Hughes, NIIT, Conexant, Aricent, Steria, and HCLTech, with extensive experience across US, Europe, and APAC markets.

White Spaces

AMITY UNIVERSITY NEXTGEN AI & INFORMATION TECHNOLOGY SUMMIT 2026

We honour

Mr. Jyotirmoy Bose
with

*Amity Excellence Award for Leadership in Organisational Development and
Advisory Excellence*

Amity International Business School is pleased to honour Mr. Jyotirmoy Bose for his transformative contributions to leadership advisory and organisational development.

With over two decades of experience across the MENASA region, Mr. Bose is a trusted advisor to founders, CEOs, and C-suite leaders. As the Founder of White Spaces, he operates at the intersection of business, technology, and psychology, enabling organisations to scale sustainably and embrace future-ready mindsets.

His work focuses on organisation capacity building, leadership alignment, digital transformation, and 10X growth thinking, particularly for mid-market family enterprises, technology-driven startups, and institutions across India and the UAE.

INTEGRATING NEW AGE TECHNOLOGIES THROUGH HACKATHON

POSSIBLE MATRICES OF PROBLEMS FOR HACKATHON

HACKATHON CHALLENGE TECHNOLOGY CHALLENGES	
	Detect Misinformation in Real Time
	Secure Digital Identity Wallet
	Privacy-First Health Monitoring
	Harmful Content AI Detection
	Quantum Encryption Simulator
	CPU Failure Prediction
	AI Design Generator
	Auto DB Tuning
	Cyberattack Visualization
	GPU Training Monitor

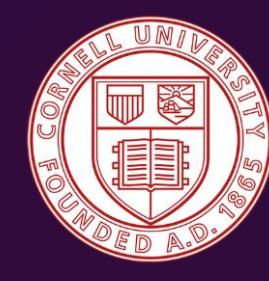

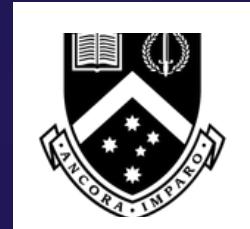

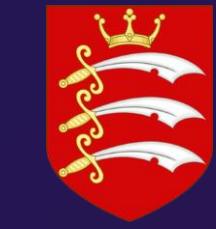

HACKATHON CHALLENGE FINANCE & CONSULTING CHALLENGES	
	Instant Payment Fraud Detection
	Portfolio Risk Dashboard
	Suspicious Transaction AI
	Financial Wellness Advisor
	Compliance Monitoring
	ESG Scoring Platform
	Digital Readiness Tool
	Citizen Services Chatbot
	Delay Prediction Analytics
	Sustainability Dashboard

HACKATHON CHALLENGE INDUSTRY & ENERGY CHALLENGES	
	EV Charging Optimization
	Smart Vehicle Maintenance
	Aircraft Risk Prediction
	Factory Digital Twin
	Machine Maintenance AI
	Fuel Demand Forecast
	Pipeline Anomaly Detection
	Carbon Tracking
	Renewable Energy Prediction
	Farm Yield Prediction

HACKATHON CHALLENGE CONSUMER & RETAIL CHALLENGES	
	Delivery Route Optimization
	Smart Inventory
	Personalized Training AI
	Demand Forecasting
	Smart Vending Analytics
	Packaging Sustainability
	Waste Reduction Tool
	Product Launch AI
	Nutrition Recommender
	AR Skincare Advisor

- How can hackathons be strategically designed to contribute to national AI missions and enhance global competitiveness?
- How can universities and corporates collaborate to build sustainable, long-term AI innovation ecosystems that empower youth and technology professionals?
- How can higher education institutions and industry leaders collaborate effectively to build scalable, ethical, and sustainable solutions for the future?
